Auction Sale REAL ESTATE

To close the estate of John H. Sprague, late of East Brookfield, the undersigned will sell at public auction, on

FRIDAY, APRIL 28, 1916

at 1 o'clock p. m., at the late residence of the said John H. Sprague, the following described property, viz:

HOME PLACE

consisting of about 40 acres of land, in the village of East Brookfield, with a 2-story house and all containing 8 rooms, 2 butters, billiard room and bathroom with set tubs, hot and cold water at sink. The barn, corn barn and sheds are all in fair condition, and both house and barn are supplied with never-failing spring water. The land is suitably divided into mowfield, pasture and orchard; the latter is fenced and can be used for either mowfield or pasture. In the pasture there is a sufficient amount of young thrifty growing pine to make the property especially desirable from the standpoint of investment. This property is located in the well-known fertile valley of East Brookfield, on the main thoroughfare from White River Junction to Montpelier, and is an ideal spot for a home. Within 1/4 mile from church and store and 1/2 mile from school. On R. F. D. and Orange County telephone line. ALSO A LARGE MILL BUILDING in good state of repair and could be easily adapted to almost any kind of manufacturing. One-half acre of land goes with the building.

DURKEE FARM—This farm contains 174 acres of land, suitably divided into 3 mowfields and 2 pastures, all of which are productive and fertile. Pastures are well watered and one of them is well fenced. On this property there is a large acreage of thrifty growing soft wood and enough old growth spruce, hemlock and fir ready for the saw to more than pay for the whole property. This farm is located on the east hill in the south part of the town of Brookfield, and the timber lot is within 3 miles of the saw-mill at North Randolph and is on a good road, over which a team can always handle a good load. On this farm there is also a good sugar orchard and a small orchard of grafted fruit.

SYKE SMITH FARM—This farm contains 120 acres, located on the East Hill in Brookfield, about 1 1/2 miles from East Brookfield village; 118 acres of this property are forested with cedar posts and wire (mostly) in pasture, which will take care of from 40 to 50 head of cattle during an ordinary season, and is unusually well watered. On this property there is a splendid sugar orchard that slopes to the south, in which it is estimated that upwards of 1,000 sugar maples could be tapped. There are also several acres of thrifty, young, growing soft wood timber and quite a quantity of pine already large enough for the saw. The other 2 acres consist of a fine orchard, one-half of which is now in bearing and with proper care would yield an abundance of fine grafted fruit of the standard summer, fall and winter varieties. On the other half there has been within the past 5 or 6 years been planted 100 young trees of standard winter varieties.

PEAKE FARM—This farm contains 100 acres and is located on the East Hill 3 miles from East Brookfield village, is well watered and well fenced with wire and cedar posts and is all in one field, which will carry 25 head or more of cattle during an ordinary season. Has a good sugar orchard on it of 1,000 or more trees, and a small number of nice fruit trees.

BURNHAM FARM—This farm contains 163 acres and is divided into 2 pastures, both of which are well watered and well fenced with cedar posts and wire. This property is located on the East Hill in Brookfield, about 3 miles from East Brookfield village. Each of these pastures will carry 30 or more head of cattle during an ordinary season. On the larger field there are probably 50 acres, heavily covered with hard wood, which lays within about five miles of the village of Graniteville and on a good road. There is also on this lot a considerable quantity of spruce and hemlock.

GULF FARM—Consists of what was originally 2 farms and contains 371 acres, the meadows of which lie in the beautiful fertile valley on the main thoroughfare between White River Junction and Montpelier, and at the Brookfield end of the famous Williamstown Gulf. These 2 farms are capable of keeping 100 or more head of cattle and the necessary tools and the buildings consist of house and all horse barns, cow barn and 2 large cow barns. The land is suitably divided into 2 large, fertile mowfields, 3 grand pastures, and woodland, of which there is approximately 100 acres of old growth maple and beech, 50 acres of old growth white birch, 10 or more acres of thrifty pine. On this farm there is also plenty of new grafted fruit, butternut trees, etc., which are in bearing, and there is no better fishing ground in the country. Those who want such property as is described above, look the property over and attend this great sale prepared to buy, for the property is to be sold, rain or shine, to the highest bidder. Remember the place and hour, Friday, April 28, 1916, at 1 o'clock p. m.

Terms at time of sale.

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

During the past year the town of Bristol has reduced her debt \$1,043.88, the total debt remaining being \$60,348.98. Of this amount, \$49,000 is for water bonds. The water system earned \$3,773.16 last year, having a net profit of \$492.01.

A young dog became so entangled in a wire fence at the Maple Grove cemetery in Townshend a few days ago that it had to be shot. So thoroughly was it caught that two men had to work a long time to free the hind leg by which it was held. The meat was sold to the local hotel proprietor, the county game warden giving permission.

For 149 years the Scott farm in Bennington had been in possession of Samuel Scott and his descendants, but passed out of the immediate family on the death of Miss Helen C. Scott, aged 83 years, which occurred last week. Samuel Scott, a native of Sunderland, Mass., came to Bennington in 1747, building a log house and clearing the land. The son, Phineas, who, in 1769, built the house which now stands on the property. From Phineas the farm descended to his son, Henry, who died in 1887, leaving two sons and two daughters, the last of whom has now died. The farm will become part of the estate Ben Venue of James C. Colgate of New York.
